

For the safety and comfort of all attending the Michael Tarney Fun Run/Walk for Arthritis, we ask that everyone with a canine companion adhere to the following regulations:

- Dogs are required to have a current rabies vaccination.
- Dogs must be on leash at all times. No adjustable length, retractable leashes allowed.
- Don't allow your dog to run up to other dogs without asking the owner first.
- Only adults 18 and over can hold the dog's leash.
- Remind children to ask permission before approaching a dog.
- No more than two dogs per person.
- Leave aggressive dogs or dogs in heat safely at home. We will not allow dogs to participate if they appear to have either of these characteristics.
- Pick up after your dog! Bags for dog deposits will be provided on the walk route and at the main area.
- Stay with your dog at all times and do not leave any dogs in cars, crates or carriers unattended.

By following these few simple rules, dogs and participants will be able to enjoy the event! Thank you for your cooperation.
